

## **FRIENDLY REMINDERS FOR WEBSTER PET OWNERS**

As pet owners, not only do we take responsibility for the health and safety of our pets, but also for others and their pets. In accordance with the City of Webster Ordinances, this can be accomplished by ensuring that our pets (dog, cat, other domestic animal or fowl) **are always kept in a secure enclosure or on a leash** when taken out of the secure enclosure. In doing so, we as pet owners, reduce the risk of our pets becoming involved in animal attacks, creating nuisances, becoming injured, or getting lost. Fines for not having your pet on a leash can reach costs as high as \$500.

### **Registration**

Please remember to register your dogs and cats annually. Registration is provided at no cost. Proof of rabies vaccination is required to register your pet. Upon registration, your animal will be issued a City identification tag. The City of Webster encourages pet owners to properly tag their animals with the City license tag and the rabies vaccination tag, issued by a licensed veterinarian. When worn by the animals, these tags can assist in reuniting lost animals with their owners. **To locate a lost pet, please contact City of Webster Animal Control at 281.316.3700.**

***Reminder: Always ensure that your pet is given fresh water every day.  
Our pets depend upon us.***
