

Vehicle Stops Safety Strategies & Tactical Procedures #3404 (WPD Only)

Description

The Vehicle stops course is designed to contribute to the students understanding of how to improve their performance, and that of those for whom they may be responsible. Most errors made by officers are not because of flaws in the officer but because of flaws in their professional training and socialization. This course will go over basic officer safety strategies, vehicle risk assessments, legal aspects, and violator contacts.
